UNSTOPPABLE

THE ART OF NOISE.

BMW MOTORRAD SILENCERS.

HITTING THE HIGH NOTES.

BMW Motorrad and Akrapović have come together – in perfect harmony. And the result of this collaboration is a range of silencers that are specifically designed for individual BMW Motorrad models. Titanium, carbon and stainless steel are combined into lightweight components, producing a sound that will make you weak at the knees. So whether your preferred stage is tarmac or gravel, with these silencers, a performance to remember is guaranteed.

S 1000 RR SUPERSONIC.

The sound of speed.

- Weight approx. 1.1 kg (approx. 0.5 kg less than the standard component)
- Titanium silencer
- Compatible with standard exhaust manifold
- Conical carbon end cap and carbon trim at join of manifold and silencer
- Laser-etched Akrapović logo
- Homologated for road use in all EU countries

K 1300 R K 1300 S TURN IT UP.

A big sound for a big bike.

- Weight approx. 3.9 kg (approx. 1.5 kg less than the standard component)
- Titanium silencer (with catalytic converter)
- Titanium silencer bracket (welded on)
- Laser-etched Akrapović logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

R 1200 GS R 1200 GS ADVENTURE 2010 MODELS A GLOBAL HIT.

Rocking all over the world.

- Weight approx. 2.5 kg (approx. 2.5 kg less than the standard component)
- Titanium silencer
- Laser-etched Akrapović logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

R 1200 R AUDIO DYNAMITE.

The perfect urban soundtrack.

- Weight approx. 2.9 kg (approx. 2.3 kg less than the standard component)
- Titanium silencer
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Dual-port design
- Homologated for road use in all EU countries

R 1200 RT 2010 MODEL SMOOTH OPERATOR.

A sensation on tour.

- Weight approx. 2.9 kg (approx. 2.4 kg less than the standard component)
- Titanium silencer
- Dual-port design
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

F 650 GS F 800 GS TIME TO ROCK AND ROLL.

Off-road but never off-key.

- Weight approx. 2.5 kg (approx. 2.3 kg less than the standard component)
- Titanium/stainless steel silencer
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

F 800 R THE SOUND OF THE UNDERGROUND.

Wake up the neighbourhood.

- Weight approx. 3.1 kg (approx. 1.7 kg less than the standard component)
- Titanium/stainless steel silencer
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

F 800 S F 800 ST THE ENTERTAINER.

Making things go with a swing.

- Weight approx. 2.5 kg (approx. 4.0 kg less than the standard component)
- Titanium/stainless steel silencer (with catalytic converter)
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

G 450 X THE X FACTOR.

Enduro turned up to 11.

- Weight approx. 2.5 kg (approx. 1.9 kg less than the standard component)
- Titanium silencer
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with both standard and racing exhaust manifold
- Not homologated for road use in EU countries

**R 1200 GS
R 1200 GS ADVENTURE**

PRE-2010 MODELS

MUSIC TO THE EARS.

A new adventure in sound.

- Weight approx. 2.2 kg (approx. 4.0 kg less than the standard component)
- Titanium silencer
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

R 1200 RT PRE-2010 MODELS

R 1200 ST

HARD ROCK.

Make the road dance to your tune.

- Weight approx. 2.9 kg (approx. 2.5 kg less than the standard component)
- Titanium/stainless steel silencer (with catalytic converter)
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

**R 1200 S
SWEET SOUL.**

Makes heart and engine sing.

- Weight approx. 3.5 kg (approx. 2.5 kg less than the standard component)
- Titanium silencer
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries

**G 650 XMOTO
G 650 XCOUNTRY
G 650 XCHALLENGE**
DRUM AND BASS.

Pump up the volume.

- Weight approx. 3.9 kg (approx. 1.0 kg less than the standard component)
- Titanium silencer (with catalytic converter)
- Laser-etched Akrapovič logo
- Compatible with both standard and titanium exhaust manifold
- Homologated for road use in all EU countries

Competition version:

- Weight approx. 2.6 kg (approx. 2.3 kg less than the standard component)
- Titanium silencer
- Laser-etched Akrapovič logo
- Compatible with both standard and titanium exhaust manifold
- Not homologated for road use in EU countries

HP2 ENDURO
LOUD AND PROUD.

High performance in high fidelity.

- Weight approx. 2.2 kg (approx. 2.5 kg less than the standard component)
- Titanium silencer
- Carbon silencer bracket
- Laser-etched Akrapovič logo
- Compatible with standard exhaust manifold
- Homologated for road use in all EU countries
